

We are contacting you on behalf of Network Rail regarding railway safety concerns within your local community. As part of ongoing efforts to keep young people safe around the railway, we would be grateful if you could share the following safety resources with your pupils at the earliest opportunity. You should also have received information from Network Rail by post, providing further context and guidance.

We strongly encourage you to share the railway safety videos below with your pupils as soon as possible to help reinforce these vital safety messages.

Please note that the age ranges below are recommendations only. We would always advise staff to view the videos first to assess their suitability for their particular class or group of young people.

Primary School Version – Suitable for KS1

<https://careerfriendlyprogramme.com/video/rail-safe-friendly-key-stage-1>

Primary School Version – Suitable for KS2

<https://careerfriendlyprogramme.com/video/rail-safe-friendly-primary>

Secondary School Version – Suitable for KS3+

<https://careerfriendlyprogramme.com/video/rail-safe-friendly-secondary>

Accessibility/ASN School Version – Suitable for all ages

<https://careerfriendlyprogramme.com/video/rail-safe-friendly-send>

BSL Version

<https://careerfriendlyprogramme.com/video/rail-safe-friendly-send-bsl>

For ASN (Additional Support Needs) schools and settings, we recommend viewing the Accessibility/ASN resources first and would welcome any feedback regarding their suitability for your young people.

Should you require any further information or additional railway safety resources, please do not hesitate to contact us.

Thank you for your support in helping to keep young people safe around the railway.

Kind regards,

The Rail Safe Friendly Team
